

MERIAL  
PARASITOLOGY AWARD

---

2014

trypanosomes HpHbR  
*Trypanosoma brucei gambiense*  
serum resistance associated protein (SRA)  
malaria *trypanosomiasis*  
*Plasmodium berghei* trypanolysis  
apolipoprotein L1 trypanolytic factor  
sleeping sickness  
human serum host-parasite interactions  
Transcription Factor IIS (TFIIS) genes  
drug target West Africa

Netherlands Society for Parasitology honors

---

**dr. Pierrick Uzureau**

for his studies on host-parasite interactions in trypanosomiasis,  
an outstanding contribution to Parasitology
